

Metal Textiles - EMI/RFI Shielding Products

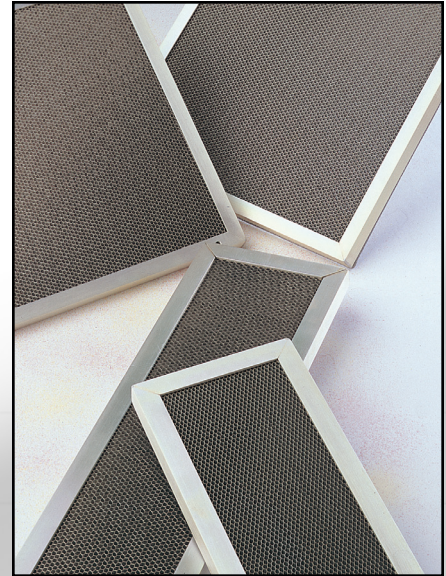

Metal Textiles Oriented Wire Gasket & Strip

Silicone or Fluorosilicone Elastomers w/Monel or Aluminum wires. Available solid rubber or foam

Mesh and Mesh/Elastomer Gasket & Strip

Available shielding materials include, Monel, Aluminum 5056, Tin plated Copper Clad Steel Wire, and Silicone and Neoprene elastomers

EMI Honeycomb Vent Panels

EMI honeycomb vent panels provide maximum EMI attenuation with minimal air flow resistance

EMI Conductive Elastomers - Extruded Strips

Carbon, Nickel plated Graphite, Silver plated Copper, Silver plated Aluminum, Silver plated Glass, Pure Silver, Silver plated Nickel, in Silicone or Fluorosilicone P- Shape, D- Shape, Solid Round, Hollow Round, U- Channel, Omega and Custom Shapes

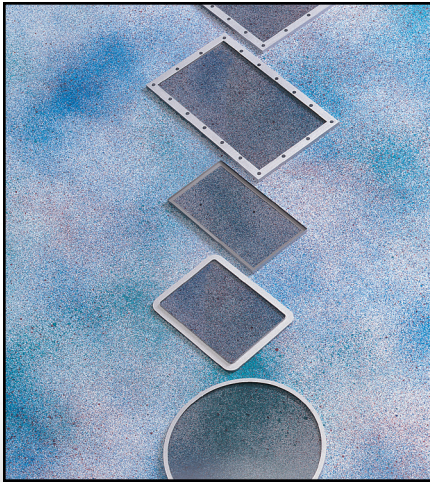

EMI Conductive Elastomers - Molded Parts

Carbon, Nickel plated Graphite, Silver plated Copper, Silver plated Aluminum, Silver plated Glass, Silver, Silver plated Nickel, in Silicone or Fluorosilicone

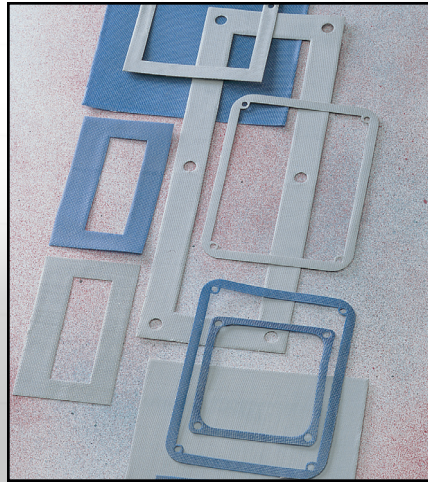

Conductive Caulk/RTV Adhesives

Nickel plated Graphite, Silver plated Copper, Silver plated Aluminum, Silver plated Glass, Pure Silver. Available in Silicone RTV.

EMI Shielded Windows

Glass, Acrylic, Polycarbonate Blackened Copper, Stainless Steel and Knitted Wire Monel Mesh

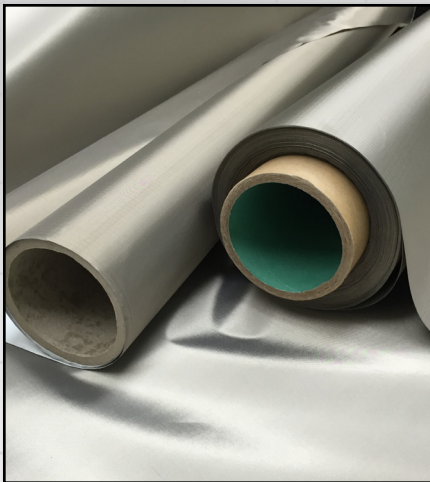

Expanded Metal & Aluminum Screen Gaskets

Silicone, Fluorosilicone, and Neoprene Filled

Combination Gaskets

Silicone or Neoprene Sponge bonded to Monel or Tin plated Copper Clad Steel Wire Mesh

EMI Conductive Shielding Fabrics

Nickel plated Copper woven Polyester Available in Ripstop or Taffeta. Optional PSA

Fabric Over Foam Shielding Gaskets

Nickel plated Copper woven Polyester over Polyurethane foam. Available Shapes: Square, Rectangle, Round, D-Shape, P-Shape and other custom shapes

Non-Conductive Elastomers

Silicone, Fluorosilicone, Neoprene, Viton, EPDM, Polyurethane, PVC, Teflon, Mylar, Silicone and Neoprene foams/sponges

Metex offers a wide range of materials and products:

Sheet and Slab Rubber

- Buna-N
- Carbon
- EMI/RFI Shielding
- EPDM
- Fluorosilicone
- Mil Spec
- Neoprene
- Polyurethane
- Silicone
- Teflon
- Thermally Conductive
- Viton

Foams/Sponges

- Closed Cell
- Open Cell
- Neoprene
- Polyethylene
- Polyurethane
- Silicone

Wire Mesh

- Aluminum 5056
- Beryllium Copper
- Copper
- Gold plated Beryllium Copper
- Molybdenum
- Monel
- Phosphor Bronze
- Silver plated Copper
- Stainless Steel 304
- Stainless Steel 316
- Tin plated Copper
- Tin plated Copper Clad Steel
- Tungsten

Custom Die Cut/Molding

- Connector Gaskets
- Grommets
- Isolators
- O-Rings
- Stoppers
- Waveguides
